Dear David

As a Certified Public Accounting Firm we are always looking for ways to help our clients reduced their Income Tax Liability. The Cost Segregation Study that you do for owners of Commercial buildings is one of the techniques we let our clients know about. The Study allows our clients to recover their investment in the building quicker. Ambrose Cost Segregation provides outstanding documentation which makes my job much easier. Furthermore, you provide professional service and competitive rates.

Thanks for all you do.

Very truly yours,

Turlington Reeves & Richard, PLLC
